

Friends of McKinney Falls 5K

Sponsorship Opportunities

Our 5K fun run/walk is back for a fourth year – now's your chance to support this fun family event in Austin's closest state park.

The Friends of McKinney Falls 5K was started in 2019 as a way to support the park while spending time in its beautiful landscape. Participation each year has grown as people come to enjoy a fun event to benefit this natural gem..

About the run

Participants run on the paved **Onion Creek Hike and Bike Trail**, a scenic loop along Upper Falls and Onion Creek. After completing the course, participants enjoy a sponsor expo and award ceremony in front of the newly re-opened Smith Visitor Center.

What are the funds used for?

The Onion Creek Trail is in the process of being re-routed to move further from new housing developments on the south side of the park. Funds raised from the 5K event help the park reach its **\$126,000** goal for funding the re-route project.

About McKinney Falls State Park

McKinney Falls State Park is the only state park in Austin, serving as a refuge for both wildlife and the legacy of human history that has shaped this landscape for thousands of years. The park opened to visitors in 1976 and now is the second-most visited in Texas – on average, about **300,000 people per year**.

About the Friends of McKinney Falls

Friends groups are independent, nonprofit partner organizations that support state parks through fundraising, volunteering, and outreach. The Friends of McKinney Falls organize monthly trash clean-ups, provide visitor information in the Smith Visitor Center, lead interpretive programs, plan fundraisers, purchase needed equipment for the park, enhance and beautify public spaces, and more. We are a registered 501(c)(3) organization.
